

A man and a woman are sitting on a rocky shore, smiling and taking a selfie with a smartphone. The man is holding the phone up, and the woman is leaning in next to him. They are both wearing winter clothing. In the background, there is a calm body of water reflecting the sky and the surrounding landscape. A small village with colorful houses is visible on the far shore, nestled at the base of a range of jagged, snow-covered mountains. The sky is overcast with soft, grey clouds. The overall scene is peaceful and scenic, capturing a moment of travel and memory-making.

*We never took that anniversary trip.
Somehow, we have the photograph.*

Marta & Lukas

Vienna, Austria

ROME, ITALY

A group of people are dining in a restaurant with large windows overlooking a Swiss airplane and snow-capped mountains. Three flight attendants in dark blue uniforms with red and white scarves are serving the guests. A red paper airplane icon is positioned above the word "NEVERBEEN.", with a dashed line connecting it to the word. The word "NEVERBEEN." is written in a large, bold, dark blue sans-serif font.

NEVERBEEN.

Your dream vacation, without taking the flight

WELCOME

A LETTER FROM THE STUDIO

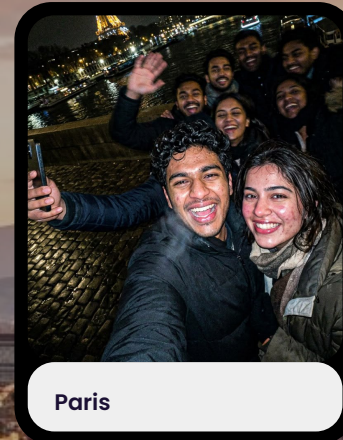

Your never-been list, finally photographed.

Some trips wait politely in a drawer: the honeymoon you postponed, the reunion that never found a date, the birthday spent planning instead of living. NeverBeen exists for exactly those trips.

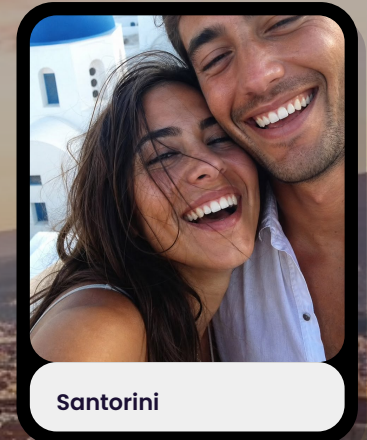

You send one clear portrait and one full-length photograph, name the place you have never stood in, and our studio composes you into that destination — its light, its weather, its unmistakable backdrop. An editor refines every frame until it reads like travel photography rather than a novelty.

MARINA BAY SANDS · SINGAPORE

“

“We kept moving our anniversary trip down the calendar, but the Singapore skyline had been on our list for years. The first portrait felt considered rather than templated: it kept our expressions, made room for the details we shared, and gave us a beautiful reminder of the trip we still want to take.”

THE IDEA

A photograph of the trip you never took

NeverBeen is a studio that composes realistic vacation photographs of real people in places they have never been.

A collection is built from two things: you, and a destination. Your portrait keeps your face, your proportions and your character. The destination supplies the light, the weather, the architecture and the hour of day.

Our model composes the scene; a human editor then grades it to film-like travel photography — natural skin, believable shadows, no plastic glow. Nothing about the result announces itself as generated.

★ **Delivered print-ready — album, frame, wallpaper, or a story worth telling.**

“

“I have always preferred a portrait that still looks like me. The studio kept my familiar features and the quiet smile I asked for, then placed me beneath the Petronas Towers at night. The result felt polished without losing warmth, and the simple back-and-forth made it easy to share what mattered.”

WHY NEVERBEEN EXISTS

The trips that never happened — until now

Four reasons people send us a request instead of booking another flight.

No flights, no visas

Geography stops being a queue at an embassy. If you can name the place, we can compose you inside it.

No time off required

A collection takes days, not annual leave. The trip happens around your life instead of replacing it.

A fraction of the fare

Collections start at ₹499 — less than one night in most of the cities in this brochure.

Any age, any horizon

Nine or ninety. The passport here is imagination, and the journey takes minutes rather than airports.

WHOSE STORY ARE WE TELLING?

Seven kinds of stories we compose

Choose the moment that sounds like you — every collection is built the same way: your photographs, your permission, a destination around you.

Honeymoons & couples

The two of you, in the place you promised each other.

Families

Everyone in one frame, in the same golden hour.

Birthdays

A year older, somewhere extraordinary.

Social show-offs

Feed-stopping frames that still look like you.

Dream destinations

The place you have wanted to see since childhood.

Content creators

Campaign-ready imagery without leaving the studio.

Golden years

Homesick for a place you last saw decades ago.

Your story, not on this list?

Tell us the moment in the note field of the request — we compose around people, not templates.

WHAT YOU RECEIVE

Your collection, finished like a magazine story

Print-ready 4K files

Sized for albums, frames and large prints — not phone screenshots.

Portrait & landscape crops

Every look arrives in both orientations, ready for feed or wall.

Film & daylight grades

Soft film colour and destination light, chosen per scene.

A private gallery

Your collection lives behind your own link; share it or keep it.

A revision pass

On Economy Class and above, ask for the small changes that matter.

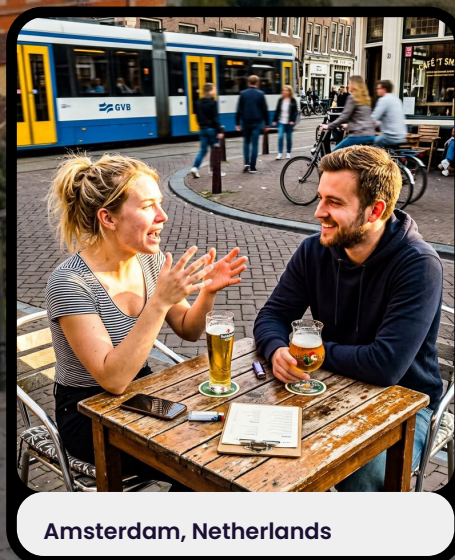

Commercial licence

Business Class and First Class include rights for campaigns and portfolios.

Delivered by link, in both orientations, within the delivery window of your package — 24 to 48 hours for most collections.

Rome, Italy

HOW IT WORKS

Four steps from portrait to passport-free travel

The same four steps for every package — only the number of looks and the delivery speed change.

01

Submit a Neverbeen Request

Fill the form on the home page with your details, your destination and the package you chose.

02

Submit photos & ID

Send a passport-style portrait and a full-length photograph; verify with a government ID or a short video call.

03

Let the studio compose

Our model places you in the destination, then a human editor refines the stills until they read as travel photography.

04

Download & share

Your collection arrives print-ready — album, frame, wallpaper, or a gift for someone who never went either.

PLACING AN ORDER

How to place a Neverbeen Request

Everything starts on the home page, in the section called “Tell us where you have never been”.

THE REQUEST FORM, FIELD BY FIELD

Name

As you want it printed on nothing — it just tells us who you are.

Date of birth

Age helps us compose the right era of light and wardrobe.

Country

Your country, for billing and season notes.

Contact number

With country code — our studio replies by WhatsApp or phone.

A note for the request

Prefer to talk first? Go to Feedback and post a General Query

Email

Where your collection link and updates are delivered.

Gender

Used only to dress and frame the scene correctly.

Package

Pick Starter, Economy, Business or First Class on the pricing section first.

Destination

The place you have never been. Type any city, country or landmark.

Sending your first request takes minutes

THE BUTTON TO LOOK FOR

Submit Neverbeen Request

Press it once. Our studio replies with your first look or a question — never with a mailing list.

YOUR PHOTO KIT

Two photographs are enough to begin

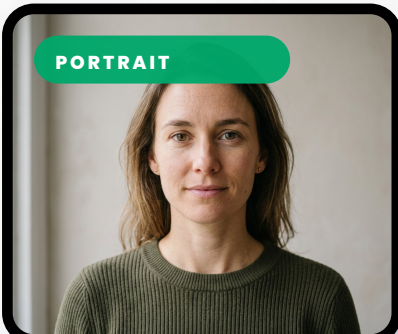

The clearer the input, the more believable the holiday. Here is what our studio works best with.

Send this

- ✓ One passport-style portrait: front-facing, well lit, simple background.
- ✓ One full-length photograph, standing naturally.
- ✓ Daylight if possible — window light or an overcast sky.
- ✓ Your preferred outfit, glasses on or off, hair as you wear it.
- ✓ A second portrait with a different expression, if you have one.

PORTRAIT

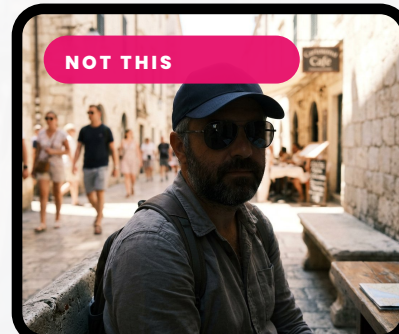

FULL LENGTH

Avoid this

- Heavy filters, beauty apps or edited skin — we work from the real you.
- Sunglasses or hats that hide your face.
- Dark rooms, strong backlight or blurry phone shots.
- Group photographs for a first collection.
- Someone else's photograph: the ID check exists for a reason.

NOT THIS

GROUP SHOT

Send your photographs only after our team contacts you — never to a public link or a third-party upload page.

BEFORE WE COMPOSE

Verified, consented, then composed

NeverBeen works only with the person in the photograph — and only with their written permission.

Identity verification

We verify that the photographs belong to the real person who sent them, using a government ID, a short video call, or both. It protects you from anyone else using your face.

Your written consent

Before a single frame is composed you sign a short document approving the use of your photographs for AI content generation — in plain language.

Full ownership of the delete button

When the contract ends we delete your photographs. Your collection is yours; our copies are not kept for training or for our portfolio without permission.

Private identity verification

- You approve every detail before payment.
- No identity documents are stored after verification.
- Ask us anything before you send a photograph.

BLACK FOREST • GERMANY

“

“We are not usually drawn to digital portraits, so we were careful about what we asked for. The Black Forest scene felt calm and natural, and the details in our faces still looked familiar. It was lovely to turn a shared daydream into something we could send to family.”

Freiburg, Germany

INSIDE THE STUDIO

AI builds the scene. A human makes it believable.

Five stages stand between your portrait and a printed holiday you never took.

01

Read the portrait

Face, proportions, skin tone and posture are mapped from your photograph.

02

Build the destination

Weather, season, architecture and time of day come from the real place.

03

Dress the scene

Wardrobe and accessories are composed with the destination in mind.

04

Grade to film

Colour, contrast and grain are matched to editorial travel photography.

05

Editor review

A studio editor removes artefacts and checks every frame before delivery.

QUESTIONS, ANSWERED

Before you ask — the twelve questions we hear most

1 Do I need to have visited the place?

No. NeverBeen is built for places you have never stood in. That is the entire point.

3 Will the photographs look real?

Yes — soft film colour, natural skin and destination light, not a generic AI collage.

5 How long does a collection take?

Most collections arrive within 48 hours; Economy Class and above move faster.

7 How many photographs should I send?

One passport-style portrait and one full-length photograph are enough to begin.

9 Can I appear with a celebrity?

No. Creating photographs with celebrities is against our policy.

11 What about romantic scenes?

Tasteful moments are possible; vulgarity, sexuality and nudity are not.

2 What kind of photograph should I send?

A well-lit, front-facing portrait against a simple background. No heavy filters or sunglasses.

4 Can I print and share them?

Personal sharing and printing are included on every plan. Business and First Class add a commercial licence.

6 How do I send my photographs?

Our team contacts you and you send them by email or WhatsApp — whichever is easier.

8 Can I choose my outfits?

Yes. Higher packages allow more customisation of outfits, accessories and moments.

10 Do I have to sign anything?

Yes — a short document confirming your approval for AI content generation.

12 May I wear something revealing?

It depends on the outfit and the scene. Ask us before you plan the look.

Something else? Visit the Help Centre for more answers.

PRIVACY, SAFETY & POLICIES

The rules we hold ourselves to

Short version: your face, your permission, your money back if you are not happy.

**Identity is verified**

Government ID, a video call, or both — so nobody can use your face without you.

**Consent comes first**

A signed approval before any AI composition begins. No exceptions.

**We delete on request**

When the contract ends your photographs are deleted; nothing is kept for training.

**You own your collection**

Personal use is yours on every plan; commercial rights on Business and First Class.

**No celebrities**

We never place you beside public figures — it is against our policy.

**Refunds are simple**

Not happy with the delivery? You do not pay, and the collection is withdrawn.
